**A LEADING  
SUPPLIER OF  
NEW MATERIALS**

## COMPANY INTRODUCTION

We think it would be useful to introduce our factory to you so that you may appreciate the leading position it occupies in the Chinese industries of ASA materials used in construction field and the ever-growing role in all of our lives.

Xinxiang Chuangmei Technology Co., Ltd. Was established in 2008. We are a professional manufacturer of ASA polymer and ASA film. The first phase of factory covers an area of 13,494 m<sup>2</sup>. The second phase of factory has been put into use in 2022.

Our company has long engaged experts in the field of new materials as our technical consultants, such as Institute of Chemistry, Chinese Academy of Sciences, DowChemical, BASF, Clariant, Carbot etc. We have the first-class R&D platform in SHANGHAI, CHINA. Besides, our factory is equipped with advanced production lines and professional test equipment to guarantee the products quality. Now our products are exported to abroad widely by its good performance. We regard quality as its life.

Chuangmei Technology, create a better life!

**GLOBAL LEADER**

Global Leading Supplier of  
New Materials

**NATIONAL LEVEL**

National Innovative  
Enterprise

**EXCELLENT**

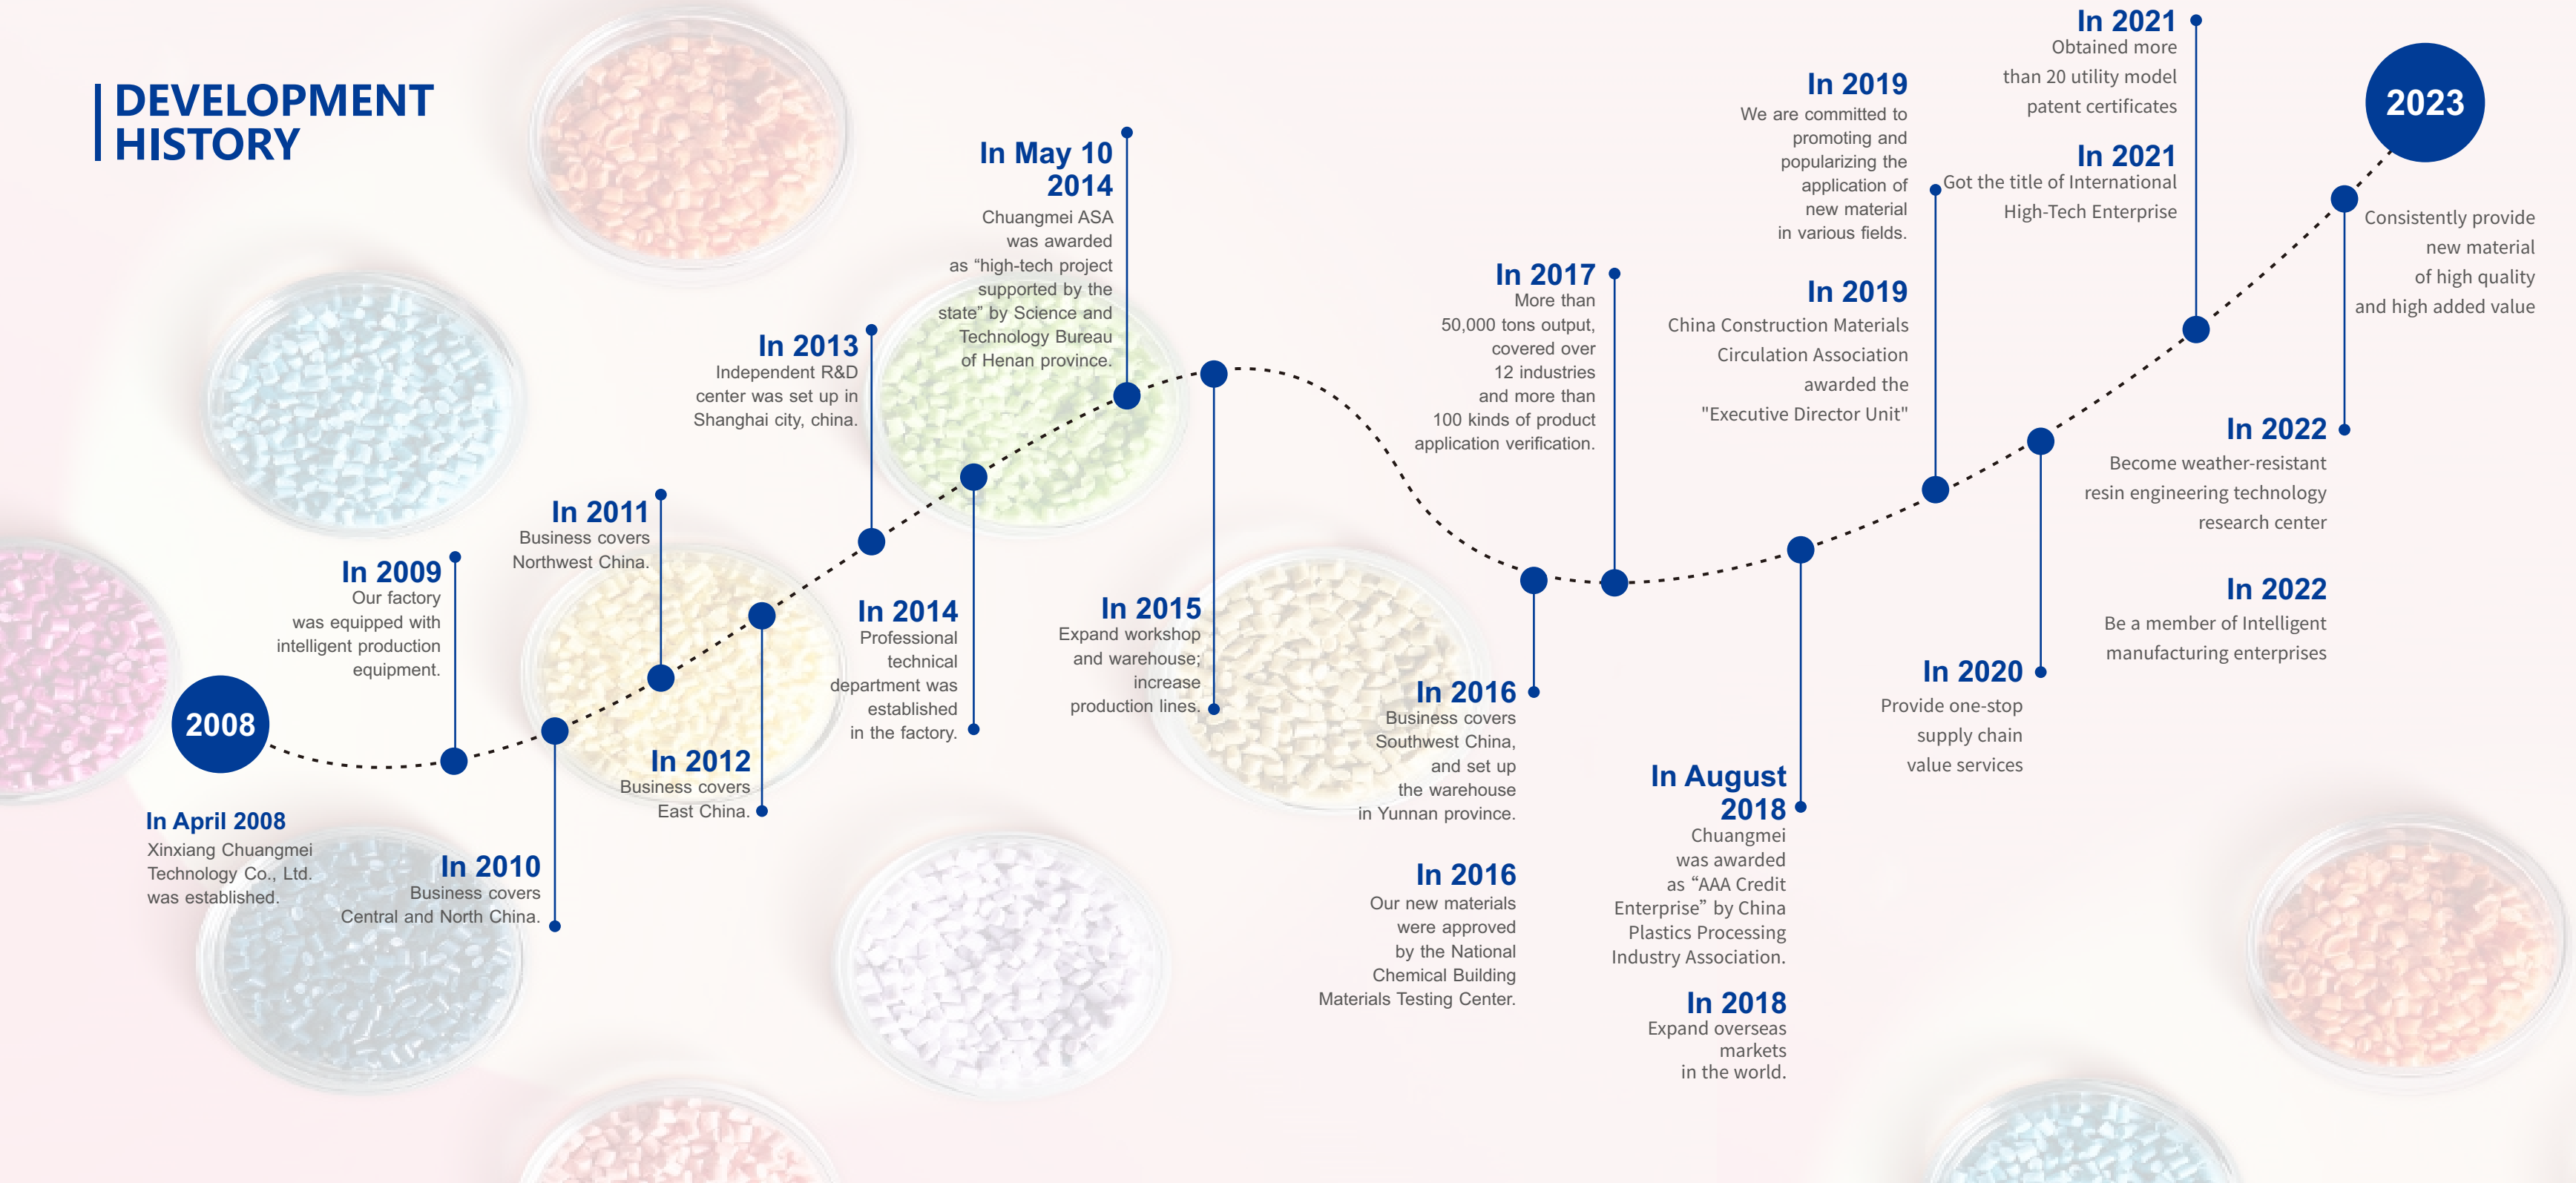

Excellent New  
Materials Enterprise

**INDEPENDENT**

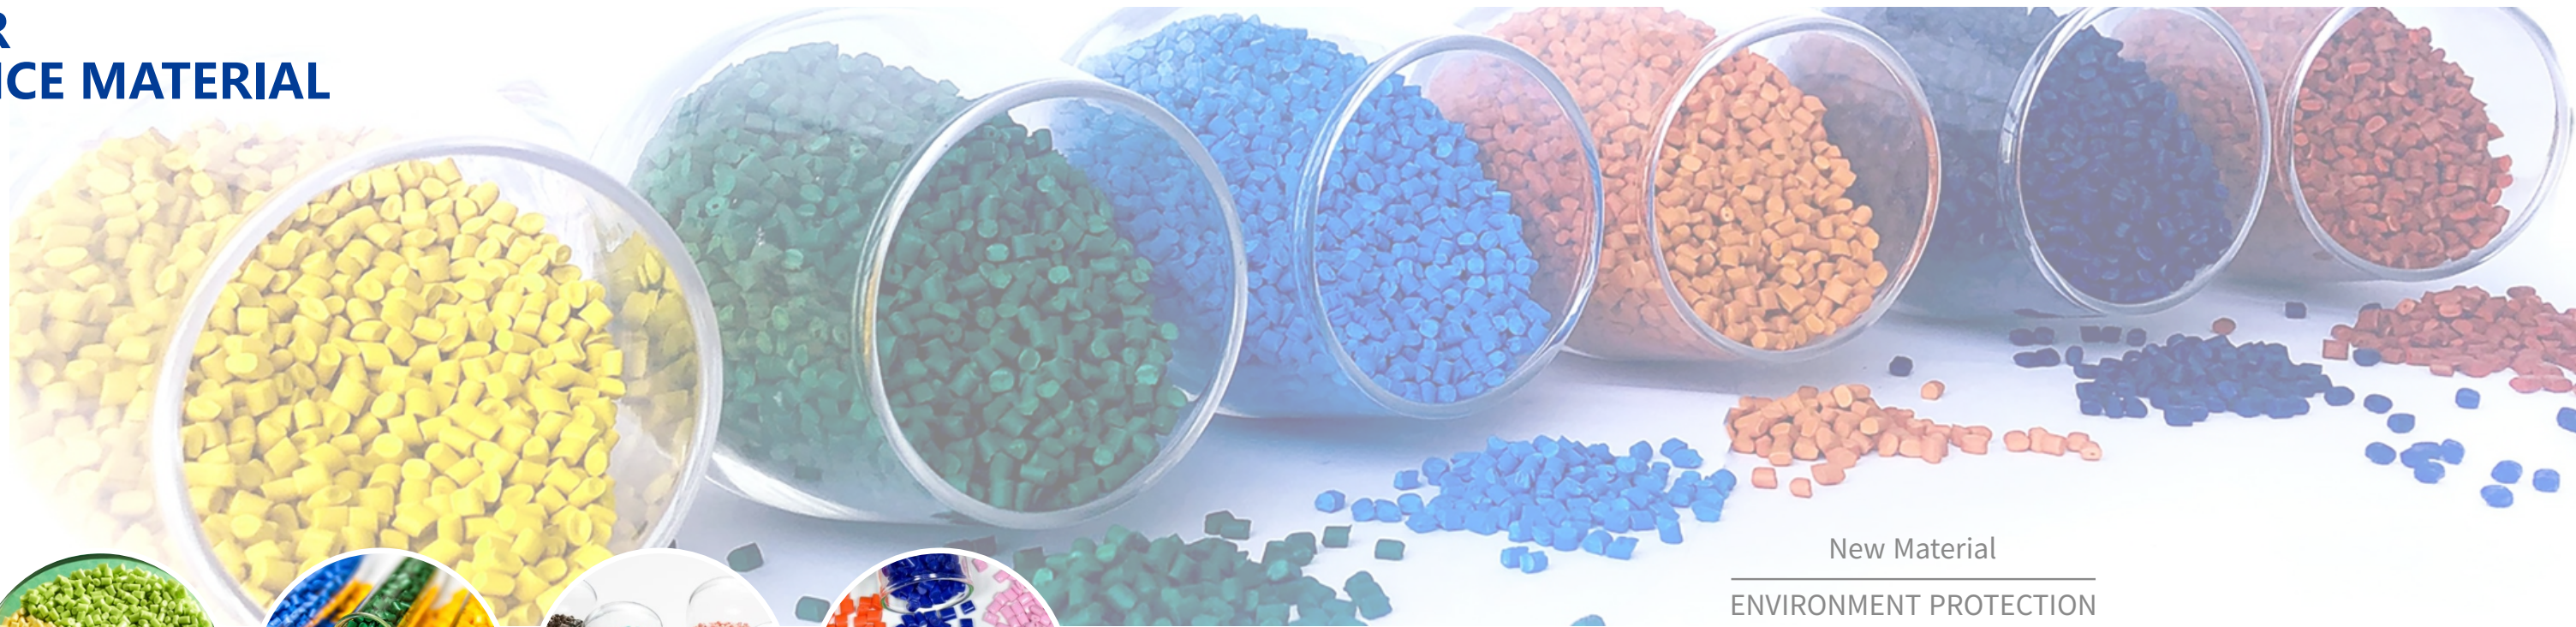

Independent Factory and  
R&D Center

## DEVELOPMENT HISTORY

## WEATHER RESISTANCE MATERIAL

New Material

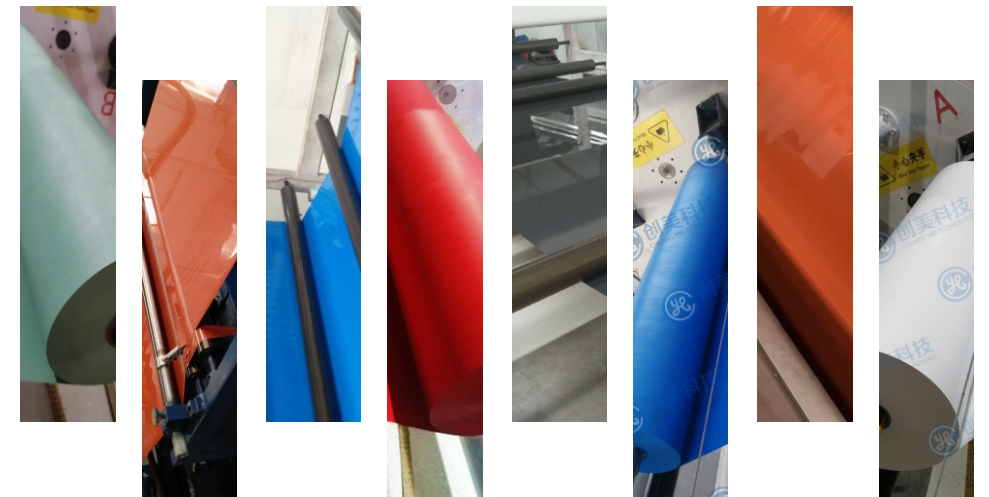

ENVIRONMENT PROTECTION

### Advantages:

1. Color lasting
2. Corrosion resistance
3. Anti-UV
4. Impact resistance
5. Perfect self-cleaning performance
6. Eco-friendly
7. Heat resistance
8. Anti-aging

DEMAND CREATION, LEADING THE MARKET, GOOD FAITH COOPERATION, CUSTOMER FIRST

Have More Outstanding Weather Resistance

Have Better Processing Broadness

Color feeling better than conventional coextrusion feed

<0.3

Control The Color  
Difference In Less Than 0.3

High Impact & Adhesion

Have Better Scratch-resistant Surface Effect

## ★1 CHUANGMEI ASA

Chuangmei ASA is a copolymerization of Styrene, Acrylonitrile, and Acrylic rubber. Technically, ASA not only maintained the main characteristics of the ABS, it also combines the weather resistance advantage of acrylic to extend the product application for outdoor purposes.

Advantages:

1. Color difference within  $\Delta E0.3$
2. Higher co-extrusion adhesion
3. Better surface scratch resistance
4. Excellent weather resistance
5. More wonderful color

## ★3 CHUANGMEI ASA FILM

Chuangmei ASA Film, the product is made of high quality ASA resin (Acrylonitrile, Styrene,acrylate copolymer), which is blended, modified and stretched by special raw material ratio.ASA super - weather - resistant functional membrane has all the advantages of ASA resin,and it is more perfect in application.

Advantages:

1. The surface is uniform without scratches
2. High gloss, delicate and smooth
3. The color of the product is easier to change
4. Uniform thickness
5. Operation simply
6. There is no need to dry
7. Save electric energy
8. Reduce costs

## I ADVANTAGES

01 R&D Advantages

02 Experience advantages

03 Service Advantages

In 2013, Chuangmei Technology set up a R&D center in Shanghai.

## R&D ADVANTAGES

• INDEPENDENT FACTORY

• INDEPENDENT R&D CENTER

• INTRODUCE CHROMATOGRAPHY  
MASS SPECTROMETRY AND  
RHEOLOGICAL TESTING SYSTEM  
FROM AMERICA, GERMANY.

• INNOVATIVE R&D TEAM WITH  
DOCTOR, POSTDOCTORAL,  
SENIOR MATERIAL EXPERTS

## EXPERIENCE ADVANTAGES

### 15 YEARS

- Over 15 years' professional production experience

### 12 INDUSTRIES

- More than 12 industries verification

### 100 SPECIES

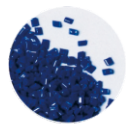

- 5 series, 100 species, over 1,000 products

### 50,000 TONS

- More than 50,000 tons output

### ASA

- A leading ASA new material manufacturer in China

## SERVICE ADVANTAGES

CUSTOMIZED RECIPE SERVICE

COLOR MATCHING SERVICE

MELT RATE OPTIMIZATION

PRODUCT REDEVELOPMENT

R&D OPTIMIZATION

PROJECT SOLUTION

01

PRE-COMMUNICATION: Professional color matchers communicate with customers in color matching requirements.

02

ACCURATE COLOR: Professional color matching equipment and rich color matching experience to meet the requirements.

03

TIMELY FEEDBACK: Solve the problem of customers' in the first time.

04

QUALITY CONTROL: Strictly control the quality of products, sample testing at regular intervals to ensure product quality.

05

AFTER-SALES SERVICE : Closely follow up the use of products to solve unexpected problems in time.

## APPLICATION FIELDS

CHUANGMEI TECHNOLOGY  
PROVIDES CUSTOMIZED MATERIAL SERVICES  
TO MEET THE DEVELOPMENT NEEDS OF VARIOUS FIELDS

### • CONSTRUCTION FIELD

Door and window profiles, Synthetic resin tile, wave tile,  
Wood plastic covering material, door board, wall protection  
board, Solar panel, Outdoor cable box etc.

### • OUTDOOR RECREATION FIELD

Outdoor lights, outdoor handrail, 3D printing material, small  
hull shell, surfing board etc.

### • AUTO-MOTIVE FIELD

Automobile lamp body decoration ring, automobile top  
luggage rack, automobile rearview mirror, engine heat  
resistant parts etc.

## WHY CHOOSE US

- Our Technology  
Master the Core Technology
- Our Product  
Excellent Products and Smart Solutions
- Our Product Performance  
Organic Growth
- Our Management  
Lean Six Sigma Management Systems
- Our Relationship between Superiors and Inferiors  
Fate Together
- Our Team  
Mutual Trust, Support and Unite
- Our Development  
Innovation and Creativity for Sustainable Success

## I CERTIFICATES
